FOR IMMEDIATE RELEASE **November 14, 2024**

VALKEA RESOURCES TO COMMENCE TRADING ON THE OTCQB UNDER SYMBOL "OZBKF"

Vancouver, British Columbia – November 14, 2024 – **Valkea Resources Corp**. (the "**Company**" or "**Valkea**") (**TSX.V: OZ**) (**OTCQB: OZBKF**) is pleased to announce that the common shares of the Company will commence trading on the OTCQB® Venture Market under the ticker symbol "OZBKF" at the market open on November 14, 2024. The Company's shares will also continue to trade on the TSX Venture Exchange under the symbol "OZ".

"We are excited to resume trading on the OTCQB under the symbol OZBKF following the completion of the Finnish asset transaction," commented Chris Donaldson, CEO of Valkea. *"Trading on the OTCQB enhances our visibility and provides greater access for investors in the United States and globally, allowing us to improve liquidity and broaden our shareholder base with both institutional and retail investors. The trading resumption and associated increased market visibility is timely as we have just commenced our maiden exploration program on the flagship Paana gold project."*

About Valkea Resources

Valkea Resources is at the forefront of gold exploration in Finland's highly prospective Central Lapland Greenstone Belt. With an extensive portfolio of high-potential projects, including the flagship Paana project, Valkea Resources is committed to discovering and advancing significant gold deposits in one of the world's emerging gold districts.

Forward Looking Statements

This news release contains forward-looking statements or forward-looking information relating to the future operations of the Company and other statements that are not historical facts. Forward-looking statements in this news release include but are not limited to commencement of trading on the TSXV.

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from those expressed or implied by such forward-looking statements. Such risks, uncertainties and other factors include but are not limited to: the Company's early stage of development; the fluctuation of the price of metals; the availability of additional funding as and when required; the speculative nature of mineral exploration and development; the timing and ability to maintain and, where necessary, obtain necessary permits and licenses; the uncertainty in geologic, hydrological, metallurgical and geotechnical studies and opinions; infrastructure risks, including access to water and power; environmental risks and hazards; risks associated with negative operating cash flow; and risks associated with dilution. For a further discussion of risks relevant to the Company, see the Company's other public disclosure documents.

Although management has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There is no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such forward-looking statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements, except as, and to the extent required by, applicable securities laws.
